

How to download a YouTube Video

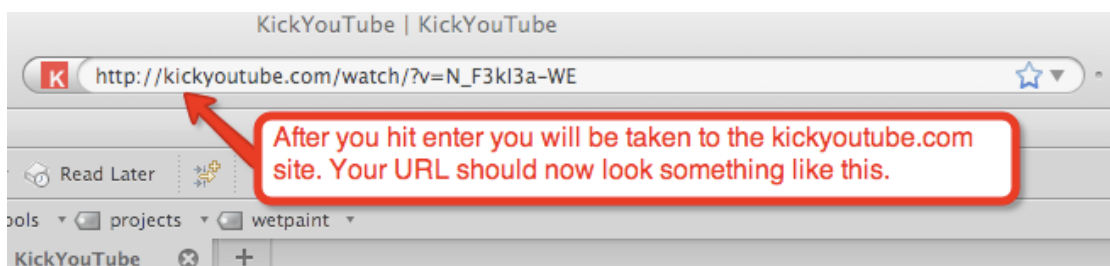

1. Go to YouTube and find your video

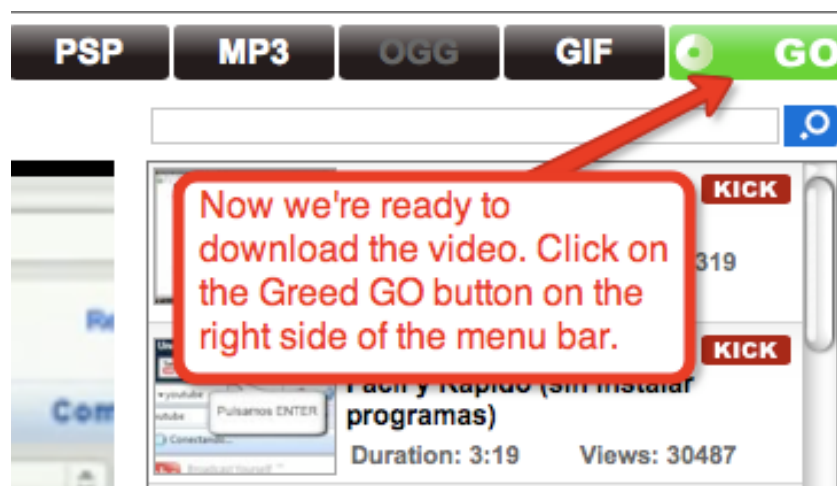

2. Once you find your video add the work **kick** in front of youtube

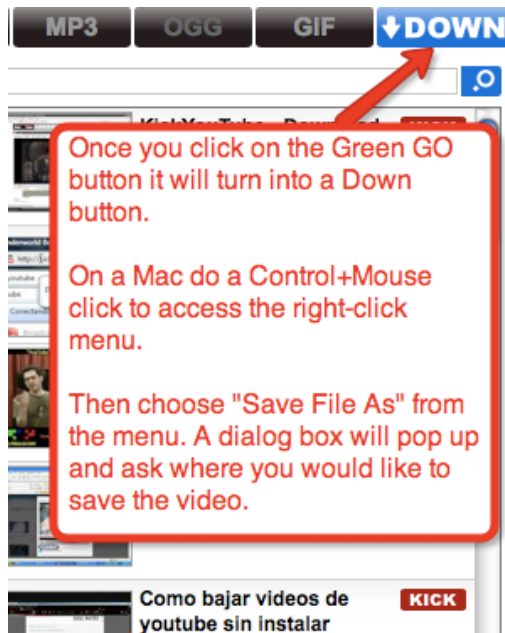

3. Your URL now looks like this:

4. Once you are at the kickyoutube site, click on the Green GO button.

5. After clicking on the Greed GO button it will turn to a Blue DOWN button

6. Save the video file to your computer. Make sure you keep the .mp4 at the end of the file name.
