

Personalizing Your Blog

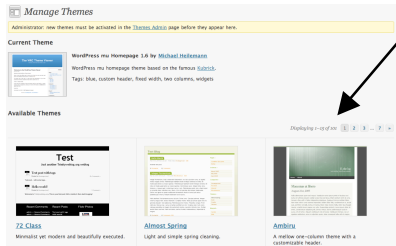

<http://blogs.isb.ac.th/>

You can change the appearance of your blog by choosing a theme and adding sidebar widgets.

Part I: Choosing Your Blog Appearance:

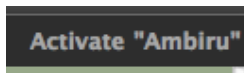

1. Once you are logged into your blog, click on *Themes* under the *Appearance* menu.

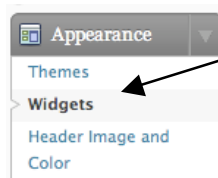

2. Scroll through the many pages of themes available to choose the one you like. When you find the one you want, click on it.

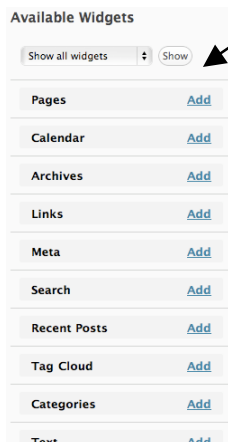

3. A black background with a preview of your blog will pop up, if you like this one, click *Activate* in the upper right-hand corner.

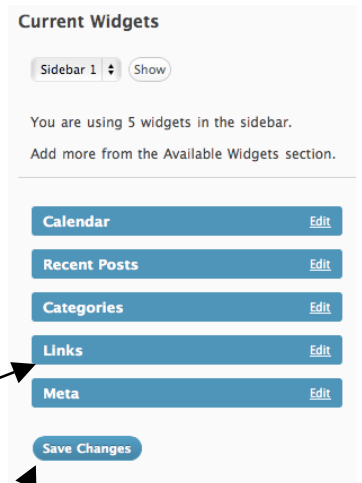

Part II: Choosing Your Blog Sidebar Widgets

4. Click on *Widgets* under the *Appearance* menu.

5. From the selection of Available Widgets, choose which ones you want and click *Add*. Your selected widgets will immediately appear in the Current Widgets list on the right side of the screen. (You will probably want to include all of the widgets shown here).

6. Click and drag your widgets into the order you want them to appear.

7. You can edit the title of each widget by clicking on the *Edit* link on the widget.

8. Click *Save Changes* when you are done.

9. Click *Visit Site* in the upper left-hand
