

Accessing Student Email at ISB <http://www.student.isb.ac.th/>

1. Click on eMail.

2. Sign in with the same e-mail address that you can find in your *profile settings* on your ISB student blog:

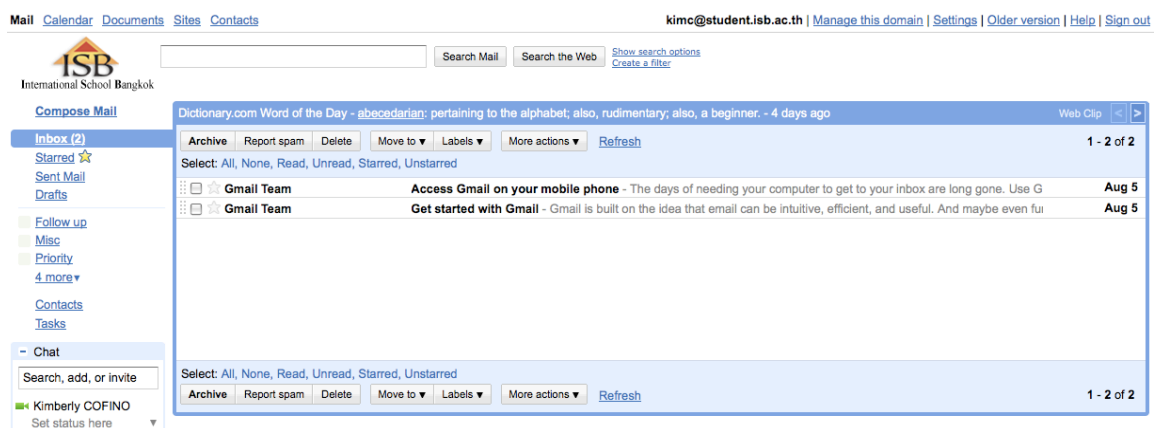

Usually this is your firstnamelastinitial (but not always, so be sure to check on the blog first).

This name should also be the URL of your student blog.

3. On your first log-in, your password is password.

You will be required to change your password on your first log-in. Make sure you use **the same password** you use to log into the computers here at ISB. **Please note:** You will only be able to change your password **once**.

You are responsible for remembering your own password. Write it down in your agenda so you don't forget.

4. You now have access to all of our Google Apps at school:

- Google Docs
- Google Calendar
- Google Sites
